THE COMPANY

Established in 1979 and still a family-owned company, Roper Rhodes has over 40 years experience of creating beautiful bathrooms. Based in beautiful Bath, a city with a strong association with bathing since Roman times, perhaps our continued successful growth is no coincidence.

The business has a very strong value set too and 3% of profits are given to charity each year, via the Roper Family Charitable Trust.

THE BEST OF BRITISH

While our designs draw on influences from around the world, there is always something distinctly British about a Roper Rhodes bathroom.

Perhaps it's because our design studios are based in Bath and the strong association we feel with the city. Or maybe it's because we understand the British obsession with the home.

But to be honest we feel it's something a little more elusive than that. It's the unmistakable feeling of quality and understated elegance whenever you use our products. That's what really sets Roper Rhodes apart and makes us the quintessentially British bathroom company.

OUR PEOPLE

Take eleven product designers, a team of marketers, years of experience and thousands of original ideas. What do you get? This bathroom book – packed full of beautifully conceived and exceptionally finished bathroom products.

With Roper Rhodes, form and function sit perfectly side by side. All our products are built to last and designed to delight and it's all thanks to the guys above it's their job (dare we say obsession?) To design bathrooms that are out of the ordinary – and that really stand the test of time

KEITH ALCOCK
Product Designer

When it comes to adding a stylish yet practical touch to your new bathroom design, choose from the Roper Rhodes furniture collection and you can be assured of hitting the mark. Our range has something for every taste and the designs incorporate a host of thoughtful features such as hidden drawers or internal lighting, integrated chrome handles and soft close drawer runners and door hinges.

Furniture

FRAME

*Where luxury and
minimalism meet*

FRAME

Smartly tailored with clean lines and precision detailing, our Frame collection cuts a refined silhouette. Glass-fronted drawers are set within a slim metalwork frame, offering plentiful storage & style in one sleek, contemporary unit. Create an inspired and unified space with complementary Frame mirrors, cabinets & storage solutions.

Frame pairs minimalism and luxury to lend a sophisticated edge to your bathroom space. The elegant metalwork frame of the basin unit gives the drawer fronts a streamlined look, while the glass fronts add subtle tonal and textural differences to give depth and interest. Beautifully precise details and integrated drawer top handles evidence the exemplary design of this modern collection.

Choose from a 800mm or 1200mm Frame basin unit for a polished look or opt for a 600mm unit if space is at a premium. Create a focal point in your bathroom by opting for the bold derwent blue or deep gloss dark clay or keep your space modern and neutral with a matt light clay or gloss white finish.

A floating, wall hung design frees up floor space to create a light and minimal bathroom look. Super smooth drawer runners provide a satisfying opening and soft-close action.

All Frame furniture benefits from a 10 year guarantee.

Control the LED brightness and colour temperature to create a unique bathroom environment. Available in multiple sizes and finishes

HYDRA BASIN MIXER
Basin mixer with click waste

1200MM GLOSS WHITE BASIN UNIT & ISOCAST BASIN

FRAME: BASIN OPTIONS

Your choice of basin design will further enhance the styling of your Frame unit. Choose a variety of formats in ceramic or Isocast, including a statement-making 1200mm single basin.

With a super slim profile, the Frame isocast basin beautifully complements the unit's drawer front styling and overall framed aesthetic. Isocast basins offer a smooth, uniform surface and a large, swooping bowl for a premium look.

Elevate your bathroom space with an impactful single 1200mm Isocast basin, which can be used with single, double or wall-mounted basin taps. Opt for the 800mm Isocast basin for additional surface space. For busy bathrooms, a 1200mm 'his and hers' double basin design may be just the job.

Offering a classic feel, Frame ceramic basins are available to suit both 600mm and 800mm basin units and give a streamlined silhouette to complement the refined look of the collection. Alternatively our flared Scheme ceramic basins (see page 28) can also be used with Frame units to create a different profile.

1200MM MATT LIGHT CLAY BASIN UNIT & ISOCAST BASIN

FRAME: MIRRORS, CABINETS & STORAGE

Complete your bathroom design with our collection of coordinating mirrors, cabinets and storage solutions, specifically designed to complement the pared-back luxury of Frame bathroom furniture.

Edged with a slim metal surround which matches the furniture frame, the minimal design conceals a wealth of practical features ideal for the demands of the modern bathroom, including infrared on/off, a demister pad to keep things steam-free and dynamic light temperature changing technology, allowing you to simulate the perfect lighting environment to suit your daily routine.

Coordinating bathroom cabinets, including illuminated or a mirrored wall column give valuable storage space if required. Optional beech in-drawer storage boxes provide a home for all your smaller bits and bobs and with the additional movement activated drawer light you'll be able to find everything you need. Easy to take off and recharge via a USB.

SCHEME

*Contemporary tailored furniture.
Tweak every detail to suit your space & style.*

SCHEME

Designed by us. Tailored by you. Our Scheme modular furniture has great depth within the range, with something to suit every taste. Comprising a comprehensive selection of basin unit sizes, basins types, stunning furniture finishes & handle options, you can tweak every detail to perfectly suit your space & personal sense of style.

An array of clever additions from sleek internal lighting to mirrors with adjustable brightness and warmth to recessed cabinets will bring an extra special, ultra-modern feel to your bathroom. Choose from a compact cloakroom unit or a statement 'his and hers' basin to suit every need.

Internal storage

Built-in drawer dividers in all units will help keep everything in its rightful place. Adding the optional beech storage boxes will ensure that all your bathroom bits and bobs have a home.

Soft close

Soft close drawer runners and door hinges are used across the range, giving a smooth, quiet closing action and luxurious feel.

Lighting

For a real style statement create mood or night lighting by adding the optional lighting kit. This will give a blade of light along the top and bottom edges of the drawers as well as lighting up the top drawer to help you find what you need. Contemporary styling with a practical twist.

10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This mean that all Scheme furniture benefits from a 10 year guarantee.

SCHEME MIRROR 800
Control the LED brightness and colour temperature to create a unique bathroom environment. Available in multiple sizes

800MM UMBRA BASIN UNIT & STAGE VESSEL BASIN

5 STEPS TO YOUR PERFECT SCHEME BATHROOM

Stylish, contemporary & with so many potential configurations, you can tailor your choice to fit your needs exactly. Choose your unit size, create a style statement by selecting from different basin options, an array of on trend finishes & coordinating handles, then follow the steps below & use the next few pages as inspiration. Complete your Scheme bathroom with a choice of optional extras.

1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There are wall mounted options in 500, 600, 800, 1000 or 1200mm widths, with two soft close drawers providing practical, accessible under basin storage. There is also a compact cloakroom unit option.

2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, a modern Isocast basin with practical workspace on either side or one of three vessel basin designs. Lots of examples are shown over the following pages (pages 40-41).

3. FINISH OPTIONS

A choice of no less than seven finishes for Scheme means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of contemporary neutral painted colours in matt and glossy options. There is also a modern umbra finish if you are looking for a more natural look.

4. HANDLE OPTIONS

With a variety of different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black or brass handles offer a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will then need to consider the optional extras which can take your design to the next level in terms of style and practicality. With Scheme it is easy to complete your new bathroom and create an individual look.

Cabinet lighting with hidden switch

The lighting kit gives a blade of light along the top and bottom drawer edges for mood or night lighting. It also lights up the top drawer to help you find what you need. It's easy to use, operated by simply touching the side of the unit where the on/off sensor is invisibly installed. (Wall mounted basin units only).

Mirrors & cabinets

The super sleek Scheme mirror is designed to perfectly complement the furniture. The LED lighting is adjustable in terms of brightness and colour temperature and creates a stunning effect when used together with the cabinet lighting kit. There are also illuminated cabinets which match Scheme finishes,

Coordinating storage units

The tall, slim Scheme wall column has lots of storage space. If one is not enough they look really effective when used in multiples of two or even three, so why not add a few to your layout?

Drawer boxes

Declutter your life by adding the Scheme storage boxes to your drawers. Incredibly useful, their beech finish looks great against the matt dark grey internal drawer colour. The two box set comes complete with two lids and they fit perfectly into the drawer space.

SCHEME: CERAMIC BASINS

Your choice of basin is key to the look of your basin unit & a ceramic offers that truly classic feel. Scheme full width ceramic basins take advantage of modern ceramic production techniques, offering striking flared designs with elegant fine edges & generous wash space.

Contemporary styling in a range of sizes, with practical design features such as integrated overflows make Scheme ceramic basins a great choice.

Alternatively our Frame ceramic basin (see page 14) can be used with Scheme 600mm and 800mm basin units to create a different profile.

1000MM DERWENT BLUE BASIN UNIT WITH CERAMIC BASIN

SCHEME: ISOCAST BASINS

Isocast basins allow for the creation of perfectly straight fine lines & modern flowing basins, inspired by the high end styling of premium hotels. Practical flat sides on the 800 & 1000mm basins give useful extra surface space in the bathroom. If your room is big enough why not enhance your bathroom experience by choosing the 1200mm 'his & hers' double basin.

SCHEME: VESSEL BASINS

Vessel basins mounted on solid surface worktops give even more choice when defining the style of your bathroom. There are three vessel basins designs, two ceramic & one solid surface. All sit upon perfectly matt white solid surface worktops, uncut to allow for bespoke basin placement. Combine with a wall mounted or tall basin mixer to give a real spa feeling to your home.

Soft close hinges and internal dividers

SCHEME: MIRRORS & CABINETS

Bring your bathroom to life with the super sleek Scheme mirror, designed to perfectly complement Scheme furniture. Alternatively, add some extra storage with a coordinating mirrored cabinet available to match Scheme finishes. Both options have temperature adjustable LED illumination.

The stylishly slim LED lighting of the Scheme mirror will create a stunning effect when used together with the basin unit and lighting kit, perfectly matching the thin light detailing. The clever dimmable infrared sensor also enables you to adjust the LED warmth from a cool daylight white, through natural white, to warm white to suit your mood and the time of day. The heated demister pad will keep the mirror clear, even in the steamiest of bathrooms.

Illuminated mirrored cabinets are available to match Scheme finishes and also have adjustable light temperature LED technology and heated demister doors.

SCHEME: STORAGE

We are all aware how much paraphernalia seems to accumulate in our bathrooms, so make sure you consider adding extra storage. Scheme has a few useful features & optional extras which will help.

The coordinating Scheme mirrored wall column unit is tall and slim with plenty of useful storage space. If one is not enough they look really effective when used in multiples of two or even more.

All Scheme basin units have practical drawer dividers, but to help keep them even tidier use the extra internal storage boxes with lids to keep your bathroom bits and bobs safe (or private!). The beech finish looks great against the matt dark grey interiors of the drawers and the boxes have been designed to sit perfectly inside.

SYSTEM

Cool yet elegantly styled, System offers complete flexibility to tailor your space

SYSTEM

System is a flexible range of furniture with a wealth of possibilities; every detail can be tweaked to perfectly suit your space & style. With its softly rounded corners & smooth lines, System will turn the daily routine into a pleasurable experience. Comprising a comprehensive selection of basin unit sizes, basin types, stunning furniture finishes & handle options, this is timeless design at its best.

Coordinating mirrors and cabinets will bring an extra special feel to your bathroom. Choose your handle style to further personalise your basin unit.

Soft close drawer runners are used across the range, giving a smooth, quiet closing action and luxurious feel. Why not choose our handy storage boxes and movement activated light for the drawers? It is very easy to take off and recharge via USB.

10 year guarantee

We take great pride in the workmanship of our designs, using the very best materials and manufacturing techniques. This means that all System furniture benefits from a 10 year guarantee.

**800MM MATT LIGHT CLAY BASIN
UNIT & CERAMIC BASIN**

5 STEPS TO YOUR PERFECT SYSTEM BATHROOM

Cool yet elegantly styled, System offers complete flexibility. With numerous configurations you can tweak your choice to perfectly match your needs. Choose your unit size, select your choice of basin & pick from an array of contemporary finishes & coordinating handles. Follow the steps below and use the next few pages as inspiration.

1. SIZE OPTIONS

Firstly assess your bathroom space and choose the basin unit size to best suit. There's wall mounted options in 500, 600, 800 or 1200mm widths, with two soft close drawers providing practical, accessible under-basin storage. There is also a compact cloakroom unit option.

2. BASIN OPTIONS

Now select your basin preference. This will really change the overall style of your unit. Choose from a sleek full width ceramic basin, available in 600mm or 800mm widths or a modern Isocast basin which is suitable for all unit sizes.

3. FINISH OPTIONS

A choice of seven contemporary finishes for System means that you can match or contrast to anything in your bathroom design. The colour palette has been chosen to give a full spectrum of on-trend neutral painted colours in matt and glossy options. There is also a modern umbra wood effect finish if you are looking for a more natural look.

4. HANDLE OPTIONS

With a variety of different handle styles you can add the perfect finishing touch to make your basin unit your own. Keep the whole look minimalist by using chrome drawertop handles or go for a functional front-fixed wide pull option. The matt black or brass handles offer a super stylish choice. Undrilled drawer fronts allow you to position the handles where you wish, though we think a third of the drawer height down from the top looks good.

5. OPTIONAL EXTRAS

Once you've created the centrepiece for your bathroom you will need to consider the coordinating extras which can take your design to the next level in terms of style and practicality.

Coordinating storage units

The coordinating tall, slim mirrored wall column has lots of storage space. If one is not enough, why not add a couple?

Mirrors & cabinets

The super sleek LED illuminated mirror is designed to perfectly complement the softly rounded corners of the furniture. There are also cabinets which match System finishes.

Drawer boxes

Declutter your life by adding the System storage boxes to your drawers. Incredibly useful, their beech finish looks great against the matt dark grey internal drawer colour. The two box set comes complete with two lids and they fit perfectly into the drawer space.

In-drawer light

Find everything you need in your drawers with the movement-activated, battery-operated light. Easy to remove for recharging via USB

SYSTEM: BASIN OPTIONS

The polished, minimal form of our basin designs work perfectly when combined with System furniture. Choose from sleek, single-mould isocast or classic ceramic in a range of sizes to suit your System basin unit.

With gently curved corners, fluid lines and a generous washspace, System ceramic basins offer a contemporary style expertly cast in a classic material. This sculptural basin design has a silky smooth, glazed surface and features a practical integrated overflow. Easy to maintain, the System basin is available in both 600mm and 800mm variations.

Simple, stylish and streamlined, our System Isocast basins are ideal for a pared-back, contemporary look. Shaped to perfectly complement our System bathroom furniture, Isocast has the benefit of being a completely seamless material that gives it a clean, precise profile. Available in 500mm, 600mm and 800mm widths, our Isocast basin also features a statement 1200mm double basin option.

800MM DERWENT BLUE BASIN UNIT & ISOCAST BASIN

SYSTEM: MIRRORS, CABINETS & STORAGE

With their curved good looks, System's LED illuminated, light temperature changing mirror & cabinets have been designed to perfectly complement System furniture & come in a variety of three sizes. Alternatively, choose one of the coordinating mirrored cabinet styles available to match System finishes.

Bring your bathroom to life & create the perfect atmosphere with a System mirror or illuminated cabinet. The clever dimmable infrared sensor also enables you to adjust the light temperature from a cool daylight white, through natural white, to warm white to suit your mood and the time of day. The heated demister pad will also keep the mirror clear, even in the steamiest of bathrooms.

LED illuminated single and double door mirrored cabinets are also available to match System finishes. Why not also add the coordinating tall, slim mirrored wall column for plenty of useful extra storage space.

The beech in-drawer storage box set keeps all your smaller bits and pieces in place, and with the movement-activated drawer light you'll be able to find everything you need. It is easy to take off and recharge via USB.

ACADEMY

If you need lots of storage then this contemporary free standing range is perfect for you.

ACADEMY

Combine contemporary styling with storage solutions for your bathroom. With its practical ceramic basin offering a generous wash area, this freestanding range allows you to maximise storage space. A variety of handle choices allows you to add your own style.

Choose from the 3 unit sizes, handle options and accompanying mirror to create a bathroom style to suit your needs.

Set the tone with one of our 3 on trend painted finishes from clean gloss white, the deep hues of derwent blue or subtle gloss agave. Choose from the discreet drawer top handles, practical pull handles or the super stylish curved chrome options.

Keep your items in check with the optional drawer dividers and easily find everything you need with the additional movement-activated light. The battery-operated in-drawer light is long lasting and easy to take off and recharge via USB.

The Academy mirror coordinates with the range offering an innovative, easy to use slide function to adjust the LED brightness and warmth.

The Academy range is made from the finest quality materials and our robust units benefit from a 10 year guarantee.

PURSUIT

*A versatile range in contemporary finishes
to add a designer edge to your bathroom*

PURSUIT

The contemporary textured finishes lend it a truly sophisticated edge, choose from alpine or charcoal elm or opt for smooth gloss white and gloss grey. Pursuit is extremely flexible too – choose the 600mm basin unit or use two 600mm units side by side, united by a long solid surface worktop to create a luxurious statement piece.

The spacious drawers have beech internals, soft close drawer runners and are finished with a sleek integrated chrome handle. You could also add the optional floating beech storage boxes to help keep all your bathroom bits and bobs together inside the drawer.

Top your unit with one of the two ceramic or three solid surface vessel basin options, depending on which style takes your fancy. Add a movement-activated, battery-operated light to illuminate the inside of your drawer. It's easy to remove for recharging via USB

Pursuit furniture benefits from a 10 year guarantee.

DIVERGE

*Move away from the norm & choose
our Diverge bathroom furniture*

DIVERGE

Freestanding units with either an integrated ceramic basin or a choice of modern vessel basins. There are so many options available in a contemporary muted palette to select from to suit your style and space.

The floorstanding units are available in 600mm, 800mm and 1000mm widths – all of which have a useful drawer as well as roomy cupboard storage and a sleek ceramic basin with generous wash area, or if you wish for an up-to-the-minute look for your 800mm and 1000mm width units, you can plump for a solid surface worktop and any one of our five designs of vessel basin.

Using the drawers is a pleasure, thanks to the hidden handle and smooth soft close action. Naturally all doors have soft close hinges too. Choose the movement activated drawer light which easily comes off to charge via a USB.

A choice of a smooth gloss white finish or two textured finishes in alpine or charcoal elm, keeps Diverge on-trend.

Diverge furniture benefits from a 10 year guarantee.

HAMPTON

*Handbuilt & finished
for a timeless feel*

HAMPTON

Traditional cabinetry techniques combine with painted finishes to give a truly classic feel. Hampton features 5 piece doors with tongue & groove feature side panels. Perfect for creating a stunning & sophisticated look for the bathroom.

The Hampton range is a classic design that blends the beautiful quality of craftsmanship with shaker lines and a muted palette. The deep hues of derwent blue, pewter and slate grey are perfect for creating a dramatic bathroom, or opt for agave, mocha, or chalk white for a subtle and relaxing vibe.

Underslung basin units really add to the period drama, especially when used together to create a statement 1200mm double basin unit. Or opt for a 800mm floor mounted basin unit with its left hand bowl and useful drawers to offer a stylish twist to the classic look. Flexibility is key with the Hampton range as there is something to suit even the smallest room with the compact cloakroom unit.

It has a timeless feel that suits any style, making it perfect for country living, urban life or anything in between.

575MM 3 TAP HOLE BASIN UNIT
In derwent blue with ceramic basin

HAMPTON

Elements from the Hampton range can be used as standalone pieces, or alternatively fitted together with the help of worktops and plinths to achieve a fitted look.

Complete your Hampton bathroom with one of the coordinating mirrors, including illuminated options with demister pad, making steamy glass a thing of the past.

The wall cabinet and 400mm storage unit offers much needed and useful storage space. Matching bath panels are also available.

Personalise and transform the entire look of your Hampton bathroom by choosing one of the alternative handles. From the period faceted glass knob to the more purist shaker chrome knob, there is something to suit every taste.

Hampton furniture benefits from a 10 year guarantee.

CLOAKROOM

*Compact yet functional we prove
that small can be beautiful*

ESTA

Small and perfectly formed, we've a lot to say about the smallest basin unit in our furniture collection.

Esta is packed full of charm and practicality. Available as a freestanding or wall mounted unit, in no fewer than seven contemporary finishes, this piece is perfect for an ensuite or cloakroom.

This simple, unfussy unit incorporates a single wooden shelf. It features a door which can be hung to open from the left or right to suit space

Choose from our array of handle upgrade options to customise your Esta unit. For a minimalist look opt for the chrome or the super stylist black or brass options. See page 104.

Esta furniture benefits from a 10 year guarantee.

MINI BASIN MIXERS
Complete the look with a mini basin mixer. Craft basin mixer shown.

HANDLE UPGRADE OPTIONS FOR MORE CHOICE

BASIN UNIT OPTIONS
The Esta range is available in both freestanding and wall mounted formats, and comes in a variety of stylish finishes

SYSTEM

Cool yet elegantly styled, System offers softly rounded corners and smooth lines to suit any compact space and style.

System offers 7 contemporary finishes to match or contrast your bathroom design. Whether you choose the on-trend neutral painted colours such as the matt light clay or customise with the glossy finish options. For a dramatic effect choose the deep derwent blue or for a more natural look there is the modern umbra wood finish.

The door can be hung to open from left or right to suit the space. Handles are included with the price. Choose between the options given on page 104.

System benefits from a 10 year guarantee.

MIA

The Mia basin unit extends our extremely popular cloakroom furniture collection. This compact, yet highly functional freestanding basin unit has a variety of features which make it perfect for the smallest room in the house.

A reversible door, with soft close hinges, means it will easily fit in where needed. The framed inset door panel and concave plinth add to the aesthetic appeal, with an elegant chrome plated handle giving an extra stylish touch. An offset ceramic basin cleverly maximises available hand wash area.

Mia is available in gloss white and light and dark elm finishes and benefits from a 10 year guarantee.

HAMPTON

Traditional cabinetry techniques combine with hand painted finishes give a truly classic feel so you can create a timeless look for the cloakroom.

Bring the opulence of classic design into your smallest room with this compact cloakroom unit. Hampton features 5 piece doors with tongue and groove feature side panels and comes complete with an elegant chrome handle, although there are other choices available to purchase (see page 104). The door can be hung to open from the left or right.

Hampton furniture benefits from a 10 year guarantee.

HARROW BACK TO WALL WC PAN

ROB SHEAN
Product Designer

Add a little European flair to your new bathroom by choosing from our sanitaryware collection. Our stylish contemporary ranges have true designer appeal & incorporate wall hung basins in a variety of sizes with coordinating wall hung, back to wall & close coupled WC options. Manufactured using only the finest raw materials including English china clay.

Sanitaryware

ARCHETYPE

To perfectly complement your fitted furniture choose Archetype, the very epitome of style and simplicity. Both the space-saving short projection back to wall WCs offer hygienic, easy to clean rimless technology. The comfort height option sits several centimetres taller than standard WCs. Our oval flush button is a specific design for furniture installations, giving a large flush interface without being obtrusive. Semi-countertop basin options will work with standard or slim depth furniture.

Hygienic & easy to clean rimless technology

£257.30

490mm comfort back to wall WC & soft close seat
£298.30

475mm standard depth semi-countertop basin
£140.00

475mm slim depth semi-countertop basin
£120.00

ACCENT

The soft modern design of Accent is the perfect companion for our contemporary furniture ranges. Available in both standard & slim depth, the semi-countertop basins offer a deep, practical washing area with a space-saving option if required. Complement with a hygienic, easy to clean rimless WC version of your choice & a soft close, quick release seat.

630mm close coupled fully enclosed WC & seat

Not compatible with comfort cistern when used in slim depth furniture

CONTACTLESS DUAL FLUSH SENSOR

The contactless flush sensor kit is compatible with our pneumatic concealed cisterns, and is best used within furniture.

- Provides a touchless flush, with just the wave of a hand
- Dual flush
- Best used with concealed cisterns in furniture
- Powered by 4 AA batteries (low battery power alarm)
- Battery life in excess of 1 year (Normal domestic conditions, good quality batteries)
- Discreet decal included to indicate sensor location
- Works through surfaces upto 25mm thick (including ceramic tiles, fascias & worktops)

Use with concealed cisterns

Sensor kit	TR9014	£122.00

JOE STEPHENS
Product Designer

Go with the flow & add the perfect finishing touch to your bathroom with a Roper Rhodes tap. From designs which make a real style statement to those with a more minimal look there is something to suit every basin.

When it comes to showering go for one of our popular ready-to-go shower systems or create your own bespoke shower experience.

Taps & Showers

Our tap collection covers all bases from contemporary statement basin mixers which make a real impact, to something to suit the bathroom with a more period feel. Many ranges include a manual mixer valve, which when used with a bath filler or spout is the modern way to fill your bath. Coordinating shower systems or thermostatic valves will keep your bathroom design cohesive.

Roper Rhodes leads the way with technological innovation and engineering advances. Most taps are designed for the low pressure systems often found in UK households, all contain top quality components and are tested to the most stringent standards.

There are many features to choose from, use the icons to help you choose the right one for you.

<div>LP¹</div> <div>LOW PRESSURE 1</div> <div>Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.1bar pressure* and above.</div>	<div>LP²</div> <div>LOW PRESSURE 2</div> <div>Suitable for all plumbing systems including conventional gravity fed ones with a minimum 0.2bar pressure* and above.</div>	<div>MP</div> <div>MEDIUM PRESSURE</div> <div>Suitable for all plumbing systems including conventional gravity fed or modern pressurised ones with a minimum 0.5bar pressure* and above.</div>	<div>HP</div> <div>HIGH PRESSURE</div> <div>Require a minimum pressure of 1.0bar or above and are more suitable for modern pressurised plumbing systems.</div>	<div></div> <div>LEVER ACTION</div> <div>The single lever action makes it extremely easy and practical to use.</div>	<div></div> <div>SWIVEL AERATOR</div> <div>Allows the position of the running water to be moved</div>

*Bar pressure is a unit of measurement for pressure. 0.1 bar is equal to a metre head of water. In plumbing terms this means that for a gravity fed system, if the base height of your water tank is 1m above a tap, then you will have 0.1bar of pressure at the tap.

FURTHER TECHNICAL INFORMATION

For further technical information on all Roper Rhodes taps, including fitting instructions, aftercare documents and additional features and benefits, please visit roperrhodes.co.uk

TAP RANGE SELECTOR

Use the table below to guide you around our tap collection. Make your selection from the wide choice of designs to suit both low & high pressure applications.

TAP & SHOWER FLOW REGULATORS

Our range of optional regulators and aerators are an easy, cost effective way to help save water in the bathroom. These add-on products can be used with selected Roper Rhodes showers and taps to reduce your water consumption and so help save money too.

ECO1 SHOWER FLOW REGULATOR

Suitable for showers and bath shower mixers displaying **ECO¹**

		
6 LITRES/MIN SHOWER FLOW REGULATOR	8 LITRES/MIN SHOWER FLOW REGULATOR	10 LITRES/MIN SHOWER FLOW REGULATOR
FR01 £8.40	FR02 £8.40	FR03 £8.40

- Mount between the valve and hose for shower valves with handsets or on your bath shower mixer
- Mount between head and arm on your fixed showerhead
- Please note: we do not recommend the use of regulators with bath taps or fillers as you will want your bath to fill as quickly as possible

ECO2 BASIN TAP FLOW REGULATOR

Suitable for pairs of taps displaying **ECO²**

		
3 LITRES/MIN BASIN TAP FLOW REGULATOR	5 LITRES/MIN BASIN TAP FLOW REGULATOR	7 LITRES/MIN BASIN TAP FLOW REGULATOR
Recommended for commercial use only	Recommended for commercial use only	Recommended for household use only
FR07 £3.50	FR08 £3.50	FR09 £3.50

- Install into the inlet of the tap
- One required for each tap, therefore please purchase in pairs
- Available in a range of flow ratings

ECO3 BASIN MIXER TAP FLOW AERATOR

Suitable for taps displaying **ECO³**

		
1.7 LITRES/MIN BASIN MIXER FLOW AERATOR	3.5 LITRES/MIN BASIN MIXER FLOW AERATOR	5 LITRES / MIN BASIN MIXER FLOW AERATOR
Recommended for commercial use only	Recommended for household or commercial use	Recommended for household use only
FR04 £7.40	FR05 £7.40	FR06 £7.40

- Produces aerated water flow
- Simple to install into the aerator housing of a basin mixer
- Available in a range of flow ratings

BATH FILLER OPTIONS

If you want to go for a contemporary look and like the idea of keeping the rim of your bath clean and clear then you could opt to fill your bath using a manual mixer valve

There are lots of designs which complement our basin mixers, so choose one to use in combination with a wall mounted bath spout or Smartflow bath filler. A diverter mixer valve will give the additional option of having a bath mounted shower handset, great for rinsing hair or cleaning the bath.

WALL MOUNTED BATH SPOUTS

Sign wall mounted spout

SHOWERS

Our shower collection covers everything that you could be looking for. Either keep life simple & go for a complete ready to install shower system or choose a thermostatic valve & build your own bespoke shower experience. Choose your shower components from a wide choice of styles from ceiling mounted fixed shower heads to riser rails and handsets, then maybe even add a bath filling solution too.

For those who like to keep their bathroom design streamlined, all shower systems and valves have coordinating tap ranges.

SHOWERS FEATURES

Our showers not only look great, they are designed with safety in mind and built to the highest quality standards. There are added features too, such as Air-drive handsets which create a water-saving aerated bubble spray whilst enhancing your shower experience, and push button valves giving you complete control of the showering function at the push of a button. Look out for the features below.

TMV2 - THE SAFE CHOICE

TMV stands for thermostatic valves which are a safeguard against accidental scalding. You can be assured that your Roper Rhodes valve has been engineered to the highest manufacturing standards and certified by the TMV2 scheme for domestic showers or tested to an equivalent standard.

AIR-DRIVE

Air-drive handsets create an aerated bubble spray which uses less water without compromising your shower experience.

ECO 1

Showers and accessories with this symbol are compatible with our optional water and energy saving shower flow regulators. See page 173 for further details.

LED

Our LED fixed shower head features water temperature indicators that create a light effect. Powered by kinetic energy generated from the running water, there's no need for complicated electrical wiring.

PUSH BUTTON CONTROL

Precise, ergonomic controls enable you to switch between showering functions using push to operate buttons.

TEN YEAR GUARANTEE

Such is our confidence in the quality of our shower valves we offer a 10 year guarantee which includes the thermostatic cartridge.

TECHNICAL INFORMATION

For further technical information on all Roper Rhodes shower products, including fitting instructions, aftercare documents and additional features and benefits, visit roperrhodes.co.uk

EVENT-CLICK

Turning the everyday task into something more luxurious. Event-Click and the Event-Click Round offer precise temperature control and deliver an indulgent and relaxing shower experience at the touch of a button. Choose from the Event-Click or the Event-Click Round shower valves, both with their precise ergonomic controls. Both shower valves and matching accessories are available in either chrome or chrome & white to blend effortlessly into any contemporary scheme.

DISCOVER EVENT-CLICK AND EVENT-CLICK ROUND... AT THE TOUCH OF A BUTTON

Event-Click combines Swiss-engineered componentry with easy to use push to operate buttons.

Precise ergonomic controls enable you to simply change the showering function at the push of a button ideal for the whole family.

Enjoy the choice of 3 invigorating spray functions, whether it's an energising shower stream to a more massaging sensation, you are only one click away from total relaxation.

Flow control naturally combines safe showering to give reassurance for all the family. The valve comes with a preset maximum temperature and an automatic shutdown feature to avoid scalding, should there be any disturbance in the water pressure, giving you total peace of mind.

Both valves offer the same functionality, just a different look to suit your needs. Choose from either the horizontal Event-Click shower valve or the Event-Click Round with its round push button that can be fitted horizontally or vertically.

EVENT-CLICK

SPECIFY YOUR OWN SHOWER SYSTEM

If designing your shower system to meet your own specific needs & style is more your thing then use this guide to help select the right thermostatic valve for the job. Then browse the following few pages to select from the different shower system components available & build a system which is bespoke to you.

Do you prefer a concealed or exposed shower valve? Exposed valves are generally easier to install, especially if you are installing on an outside wall or in an older property.

If you have the luxury of designing your new bathroom from scratch or are installing in a newer property then you may prefer the more streamlined look achieved when using a concealed shower valve. Depending on your bathroom design, concealed valves have the added benefit of being able to be sited away from the shower head, so you can turn on the water without standing under the flow.

Do you want to control water flow to one shower system component, two or even three? This will dictate whether you need a single function, dual function or triple function shower valve.

Multi-function valves can be used to control water flow to a bath mounted shower handset, great for rinsing hair or cleaning the bath. Alternatively use with a bath spout or Smartflow filler to fill your bath at the perfect consistent water temperature. Simply turn it on, run your bath then relax.

AVAILABLE SHOWER SYSTEM COMPONENTS

- 

1 Shower handset & riser rail kit
- 

2 Fixed shower head
- 

3 Wall mounted spout
- 

4 Smartflow bath filler
- 

5 Bath mounted shower kit

FOR CONTROL OF 1 SHOWER COMPONENT:

Single function concealed valve

Single function exposed valve

FOR CONTROL OF 2 SHOWER COMPONENTS:

Dual function concealed diverter valve

Dual function concealed diverter valve with outlet/ handset holder

Dual function push button concealed control valve

Dual function concealed valve (Storm / Factor)

Dual function exposed diverter valve

FOR CONTROL OF 3 SHOWER COMPONENTS:

Triple function concealed diverter valve

SHOWER HANDSET & RAIL KITS

BATH FILLERS & SHOWER HANDSETS

SMARTFLOW BATH FILLERS

With a Smartflow bath filler water runs into your bath through the filler rather than a traditional bath mixer tap. Mounted on the inside of the bath, the Smartflow acts as a combined filler and overflow and comes with a click waste. It can be used with a manual mixer valve as a simple bath filler, or connect it to a diverter valve to control both bath and shower outlets.

Mirrors & Cabinets

JOE ELLIOTT
Product Designer

Brighten up your bathroom with one of our stunning mirrors or mirrored cabinets, with a host of useful features to choose from.

*Keeping things steam-free is a big bonus for a bathroom mirror. If like me, you love a soundtrack to accompany you wherever you go, then why not bring your music into the bathroom with **Bluetooth®** wireless technology or **Spotify Connect®**. Be in control of your lighting by choosing a mirror or cabinet that allows you to adjust both the intensity and warmth of illumination to suit the time of day or task in hand.*

Take a browse through our extensive collection to find the perfect choice for you.

CREATE YOUR PERFECT BATHROOM AMBIENCE

Sundown - Warm White
PREPARING FOR BED

Morning - Daylight White
GETTING READY

Daytime - Natural White
APPLYING MAKE UP

Choosing your lighting, inspired by nature

Start the day right with bright, invigorating daylight lighting to boost your morning routine. Once the sun is up and the day has begun, switch to a natural lighting environment, boosting productivity.

As the sun sets, create a calm, intimate and relaxed setting with warmer light tones. When the end of the day arrives, calm the mind with an ambient setting, perfectly preparing you for a good night's rest.

MORNING
awakening & energising

DAYTIME
crisp & bright

SUNDOWN
calm & relaxing

EVENING
intimate & gentle

Create the perfect bathroom lighting

Combining different LED warmth and brightness can replicate the different settings naturally created during the day.

Invigorating

Using a bright 6000K white light and 100% brightness first thing in the morning creates an awakening, energising setting. The perfect way to start any day!

DAYLIGHT WHITE
6000K LED COLOUR
100% BRIGHTNESS

Natural

Combining a 4000K white light with 100% brightness creates a natural environment. This setting replicates skin tones perfectly as is ideal when applying makeup.

NATURAL WHITE
4000K LED COLOUR
100% BRIGHTNESS

Calming

Increasing the warm tones within the light to a 2700K white light produces a relaxing and calm scene. This ambient effect is perfect for unwinding in the bath, or preparing for bed.

WARM WHITE
2700K LED COLOUR
80% BRIGHTNESS

Create the right ambience

Lighting effects our mood and has a big impact on our behaviour. Cooler toned light increases alertness and can help us be more productive in task orientated activities, especially useful early in the morning. While warmer toned light creates a feeling of calm and rest, perfectly suited for later on in the day. With a wide selection of ranges to choose from, your perfect bathroom awaits...

MIRRORS

Our collection of mirrors are beautifully designed & come with a number of innovative features such as **Bluetooth®** or **Spotify Connect®** to play all your favourite songs. Create your perfect bathroom environment, tailoring the LED warmth & brightness to suit your mood. Look out for the feature icons opposite.

MIRROR FEATURES

LED LIGHTING

Energy efficient LEDs provide high quality, bright practical task lighting whilst being 80% more efficient than older fluorescent and incandescent lights.

VARIABLE WARM TO COOL LEDS & DIMMABLE

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K).

INFRARED SENSOR

Easy to use, an infrared switch allows you to control the mirror with just the wave of your hand, without touching it!

HEATED DEMISTER

Maintain a steam-free mirror reflection in the bathroom with an integrated heated demister pad.

PLAY MUSIC

Integrate your favourite music seamlessly into your bathroom.

CHARGING SOCKET

Conveniently positioned, this charging socket, keeps your electric shaver or toothbrush fully charged.

USB SOCKET

Easily accessed USB charging socket keeps your devices fully charged.

SLIM DEPTH

Our slim depth mirrors protrude 30mm or less from the wall.

IP44 RATED

Mirrors indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom.

ILLUMINATED MIRRORS

Create a discreet modern feel with our ultra slim mirror collection.
The slimmest LED illuminated mirrors available.

Daylight White Warm White

Ultra Slim

- Multi function infrared switch controlled by contactless hand movements
- Adjustable LED warmth and brightness to create tailored bathroom experiences, from an invigorating morning daylight white (6000K) to a comforting evening warm white (2700K)
- Ultra slim design – can be fitted on painted bathroom walls for an overall depth of 17mm or tiled in for a flush fitting finish
- Flexible installation – can accommodate any thickness of tile or wall cladding
- Heated demister pad prevents mirror steaming up
- Can be hung portrait or landscape
- IP44 rated

Important: The control module for the ultra slim mirror must be recessed behind the mirror. This requires the creation of an opening within the wall approximately 160(w) x 275(h) x 40(d)mm directly behind the mirror. For further information please see our website for detailed installation instructions.

CABINET FEATURES

LED LIGHTING

Energy efficient LEDs provide high quality, bright practical task lighting whilst being 80% more efficient than older fluorescent and incandescent lights.

VARIABLE WARM TO COOL LEDS & DIMMABLE

Flexibility to adjust the LED warmth and brightness from an invigorating daylight white (6000K) to a relaxing warm white (2700K).

INFRARED SENSOR

Easy to use, an infrared switch allows you to control the cabinet with just the wave of your hand, without touching it!

HEATED DEMISTER

Maintain a steam-free cabinet mirror reflection in the bathroom with an integrated heated demister pad.

PLAY MUSIC

Integrate your favourite music seamlessly into your bathroom.

CHARGING SOCKET

Conveniently positioned, this charging socket, keeps your electric shaver or toothbrush fully charged.

USB SOCKET

Easily accessed USB charging socket keeps your devices fully charged.

RECESSED OR RECESSIBLE

Recessing the cabinet within the wall or partition is a great way to conceal and store all of your bathroom accessories whilst maintaining a clean and clutter free bathroom.

SOFT CLOSE DOORS

Most of our cabinets feature soft close doors to ensure quiet and controlled closure of the bathroom cabinet.

DOUBLE SIDED MIRRORED DOORS

Double-sided mirrored glass means the cabinet mirror can be used when open or closed.

IP44 RATED

Cabinets indicated with this symbol are IP44 rated, making them suitable for use within zone 2 of the bathroom.

ROB SHEAN
Product Designer

For the best seat in the house choose Roper Rhodes, the UK's leading supplier of seats. Our extensive range offers useful design features, such as quick release for easy cleaning. In hard-wearing finishes with comfortable styling, our seats look good and stay that way. And that's the bottom line.

When it comes to bath panels ours use the latest in modern materials and designer thinking to complement your bathroom style. The humble bath panel elevated to an art form.

Seats & Panels

TOILET SEATS

The UK’s leading supplier of toilet seats, with an extensive range including thermoset plastic seats made from a highly durable material capable of withstanding heavy household usage.

Our toilet seat collection also has a number of solid wood seats made using the finest timber from sustainable sources and benefit from reinforced rings and hidden wood dowels for outstanding rigidity and strength. Also available are wood veneered and painted MDF seats.

FEATURES

Secure-Fix QR

SECURE FIX SEATS
Adjustable hinge technology that keeps the seat firmly in place.

QUICK RELEASE HINGES
Easy to operate quick release hinges are featured on some toilet seats, allowing the seat to be lifted away easily, leaving clear access to clean hard to reach surfaces.

TOP FIX HINGES
Some seats feature a special 'top fix' hinge allowing them to be quickly and easily installed on modern WC pans.

ANTI-BACTERIAL PROTECTION
An environmentally friendly built-in additive provides a hygienic finish to a number of our toilet seats which also protects against bacteria, fungi and microbes.

SOFT CLOSE HINGES
The hydraulic hinge mechanism ensures controlled and quiet closure of the seat lid and ring. Mechanisms are extensively tested to ensure long life.

Corner posts for 1800mm x 800mm baths

Denotes panels which can be adapted for use with larger baths, see page 313 for details

CUSTOMER SERVICE & AFTERCARE

As one of the UK's largest suppliers of bathroom furniture & accessories, we set very high standards in design, manufacture & service. We also invest heavily in product improvement & innovation. By choosing Roper Rhodes, you can be confident that your product is of unrivalled quality.

GUARANTEES

Many of our products carry lengthy guarantees. Our furniture, showers and taps carry 10 year guarantees whilst our seats either have a 2 or 10 year guarantee. Please see individual product sections for details. Guarantees are for domestic use only and are not transferable.

REPLACEMENT PARTS

We carry extensive stocks of replacement parts and are normally able to dispatch spares within 24 hours of your request. Attention is drawn to the policy of replacing any damaged part with a spare part where possible. Complete exchanges will only be made if damage is extensive.

PRICING

All prices quoted are inclusive of Value Added Tax, which will be charged at the rate applicable on the date your product is despatched. The prices charged will be those ruling at the date of despatch and Roper Rhodes cannot be held responsible for any errors or omissions in this brochure.

PRODUCT SPECIFICATION

Roper Rhodes Ltd reserves the right to amend the specification of its products at any time if an opportunity to improve the product occurs. All dimensions are approximate and are quoted within reasonable tolerances.

The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items. If you are unsure we would recommend obtaining a swatch.

SWATCH SAMPLE SERVICE

If you would like to request a finish swatch sample (maximum of 3), simply contact a member of our customer service team who will be happy to assist with your request.

CABINETS & MIRRORS BROCHURE

There is a dedicated Roper Rhodes cabinets & mirrors brochure available. Please ask your retailer for a copy, or visit the Roper Rhodes website to download a PDF version.

roperrhodes.co.uk/brochures

FITTED FURNITURE BROCHURE

The Roper Rhodes collection also includes a fitted furniture option. Please ask your retailer for further details and a copy of the brochure, or visit the Roper Rhodes website to download a PDF version.
