

CALYPSO

## FITTED, VANITY & MODULAR BATHROOM FURNITURE

[www.calypsobathrooms.co.uk](http://www.calypsobathrooms.co.uk)

## FITTED FURNITURE COLLECTION

All our door finishes are supplied with the complimenting carcass colours as shown below by default. If a different mix of fascia and carcass finishes is required, they will need to be specified separately (see breakdown pages 334-335). The finishes reproduced in this brochure are subject to screen and print variations.

Therefore please use our free sample service for more exact colour matching. All fitted furniture orders are dispatched within 72 hours.

OUR COMPANY

Calypso Bathroom Furniture is a UK industry-leading bathroom furniture brand, part of the Woodco Group, a family-run business that has been established for over 20 years.

Our customers' needs are at the forefront of everything we do. From initial designs to the final installation, we're proud of the high level of quality and care that goes into the development of each of our products.

We strive to offer the best possible customer service with expert guidance and support to achieve a beautiful bathroom that can withstand the test of time.

All of our products have up to a 5-year guarantee as we're so confident that the quality of our products will exceed your expectations. In addition, we're exceptionally proud of the high stock levels held in our own warehouse and that all products are transported directly via our own fleet of delivery vehicles.

(P) Premium worktop finish. ‡ Solid Oak Worktops are real oak veneer on furniture grade MDF core.

## OUR ETHICAL AND ENVIRONMENTAL RESPONSIBILITY

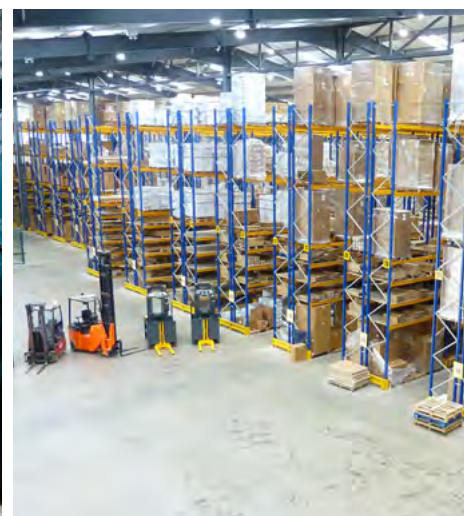

## CALYPSO IS A GREEN COMPANY

Here at Calypso, we take our environmental responsibility very seriously and are always looking at ways to improve our operations to make the company even more environmentally friendly.

Our environmental policies ensure that we are continuously seeking ways to minimise our impact on the environment as much as possible.

As part of our effort towards a more sustainable future, packaging is sourced through FSC (Forestry Stewardship Council) accredited mills, whilst each brochure is manufactured from sustainable and audited sources. In addition, timber used within our products is from FSC accredited suppliers and we're working towards a 100% recyclable packaging strategy.

We also invest strongly in sourcing the most modern and eco-friendly vehicles for our delivery fleet to ensure we are operating on a minimal carbon footprint.

## AN AWARD-WINNING BRITISH MANUFACTURER

We're delighted to have been nominated for Best Bathroom Furniture Brand for two consecutive years, resulting in a win for 2021.

The BKU awards is the ultimate scheme for the recognition of excellence within our industry and we are especially grateful to all of our customers who voted for us.

## MADE IN THE UK

Over 95% of our fitted furniture cabinets are made in UK factories as well as over 80% of our fascias. Other furniture products are produced in close cooperation with our European partners which enables us to keep close control over operations and maintain consistent high standards throughout our ranges.

## FREE SAMPLE SERVICE

Choosing the right bathroom furniture for you is not always easy without seeing the finish or range first-hand, therefore we recommend that you try our FREE 24-hour sample service. To order your samples visit us online at [www.calypsobathrooms.co.uk/samples](http://www.calypsobathrooms.co.uk/samples)

## FIND YOUR LOCAL SHOWROOM

Calypso Bathroom Furniture is proud to offer its products through an exclusive network of over 800 retailers across the UK. Visit us online and use our easy 'Find a Retailer' tool to find your nearest one: [www.calypsobathrooms.co.uk/retailers-search](http://www.calypsobathrooms.co.uk/retailers-search)

## CREATING THAT PERFECT BATHROOM

From initial design and production to delivery on our vehicles, every part of your bathroom journey is carefully thought out and processed to ensure the best possible outcome.

*Our 20 years of experience is carefully put into each and every piece of our bathroom furniture*

Everything from our furniture ranges, to sanitaryware and accessories is carefully chosen to reflect our business ethos in providing excellent customer service. We want to help our customers create their bathroom of dreams, whether this be a small cloakroom or the family bathroom, every space is important to us and we strive to provide long-lasting, premium products to help bring your ideas to life.

At Calypso Bathrooms, we have partnered with all leading software companies so that we can offer an unrivalled service. Many Calypso showrooms are fully equipped with the latest CAD software and will be happy to help you design your luxury bathroom.

An increasing number of showrooms are now able to generate life-like images of your new bathroom, some can even take you on a 4D journey using virtual headsets where you can visualise your amazing new space.

Remember, we offer a free sample service to help you choose and visualise your dream bathroom, start your journey now by visiting [www.calypsobathrooms.co.uk](http://www.calypsobathrooms.co.uk)

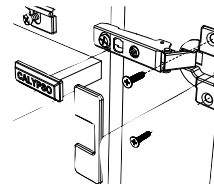

## WHY CALYPSO FURNITURE?

### PRODUCTS

Every product in the Calypso range is subject to rigorous research and development processes to ensure they attain to the highest standards of design, functionality and quality. Our policy of pursuing continuous improvement ensures that what we offer remains at the forefront of the industry.

### PLANNING HELP & ADVICE

Calypso bathroom furniture is displayed and sold through over 800 UK trusted retailers nationwide so you are never too far from our products or from expert advice. To find your nearest showroom, visit [www.calypsobathrooms.co.uk/retailers-search](http://www.calypsobathrooms.co.uk/retailers-search) and one of our retailers will guide you through the planning and installation of your new bathroom.

### STOCK & DELIVERY

We are pleased to inform our customers that we aim to hold over 99% of all Calypso products at our distribution centre, which means you can be sure you will receive whatever you choose without delay. Delivery to over 95% of mainland UK is via our own fleet of vehicles, driven by fully trained employees of the company who are proud to ensure your bathroom arrives at the retailer safely, on time and in full.

### AFTER-SALES & GUARANTEES

Should any issue arise with any of our products after installation is complete, our dedicated and friendly After-Sales team is available to help reach a swift solution. This attention to care is fully supported by our 5-Year Guarantee covering all Calypso products so rest assured that you can buy with confidence.

All orders are subject to our standard terms and conditions of sale which can be found at [www.calypsobathrooms.co.uk/terms](http://www.calypsobathrooms.co.uk/terms). A hard copy of our terms and conditions is available by request from [sales@woodstockco.com](mailto:sales@woodstockco.com)

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Bowland Frost White should be ordered as: **8302BL** **FW** This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE

SIZE (W x D x H)	PRODUCT CODE	££££	Carcass	Upper Panel	Lower Panel
500 x 218 x 811	<b>8302BL**</b>	££££	4062s	2010	5031

# BRECON

*Contemporary design brings uncluttered symmetry.*

The uncluttered and unambiguous look of the square style fascias helps this simple, contemporary range offer a fresh and modern outlook on life. With its clear symmetrical lines, the Brecon collection looks outstanding with glossy reflective or super matt finishes.

BRECON Pricing

18mm painted and lacquered furniture grade MDF integrated handle doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. 661mm carcass with a 150mm plinth height. Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Brecon High Gloss White should be ordered as: **4226BR** **H** This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

EXAMPLE:

The WC unit shown below in the example, if required in Bowland Frost White should be ordered as: **4226CT** **FW** This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

CHILTERN Pricing

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

**EXAMPLE:**  
The WC unit shown below in the example, if required in Chiltern High Gloss White should be ordered as: **4226CH** **H** This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE	SIZE (W x D x H)	PRODUCT CODE			
	500 x 218 x 811	<b>4226CH**</b>	££££	Carcass	Upper Panel
	500 x 303 x 811	<b>4426CH**</b>	££££	4062s	2010
				Lower Panel	5031

# PENTLAND

*A classic framed style to enhance any bathroom.*

To enhance any bathroom space, choose from our range of finishes in the elegant lines of the shaker style door. Combined with pilasters and pelmeted plinths, any of the five painted and lacquered finishes with the Natural Oak carcasses will add to the luxurious design. Any of the five finishes on the Natural Oak effect carcasses provide an aura of indulgent luxury.

PENTLAND Pricing

Painted and lacquered MDF shaker style doors & fascia panels. 22mm end panels and a two piece plinth. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

**EXAMPLE:**  
The WC unit shown below in the example, if required in Pentland Cotton White should be ordered as: **4226PD** **CN** This will ensure the correct fascia panels will be added automatically to your order.  
  
Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

EXAMPLE

| SIZE (W x D x H) | PRODUCT CODE    | Carcass | Upper Panel | Lower Panel |
|------------------|-----------------|---------|-------------|-------------|
| 500 x 218 x 811  | <b>4226PD**</b> | ££££    | 4062s 2010  | 5031        |
| 500 x 303 x 811  | <b>4426PD**</b> | ££££    | 4062 2010   | 5031        |

PENTLAND - PD  
Cotton White - **CN**  
Shale - SE

SELTER Pricing

18mm painted and lacquered furniture grade MDF integrated handle doors & fascia panels. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. 661mm carcass with a 150mm plinth height. Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

HOW TO ORDER

When ordering, the two asterisks (\*\*) shown after the product code must be replaced by the Letter Code representing the door style and finish required. These Letter Codes are shown at the top of each pricing page in the range, and listed below.

**EXAMPLE:**

The WC unit shown below in the example, if required in Selter Pearl should be ordered as: **4226ST** **PL** This will ensure the correct fascia panels will be added automatically to your order.

Alternatively, all components can be ordered separately using the Breakdown Codes listed alongside the prices. In this instance both the carcass finish code and fascia finish codes will need to be specified.

| EXAMPLE | SIZE (W x D x H) | PRODUCT CODE    |      |         |             |

# SOLID OAK

*A natural product exuding warmth with timeless appeal.*

Nothing can replace the beauty of a natural material. The warmth, the feel, the aroma and of course, the all-round good feeling that comes with working and using something provided by nature itself. The craftsmanship in the detail and the timeless appeal of the shaker style combine mutually to create an aura of contentment.

SOLID OAK

Lacquered Oak

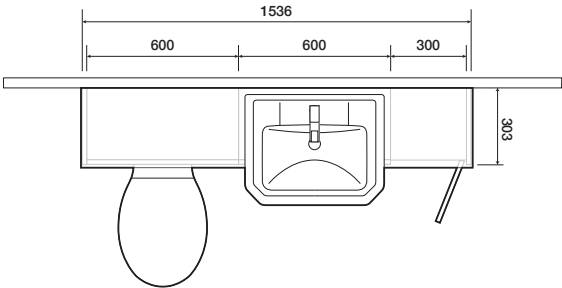

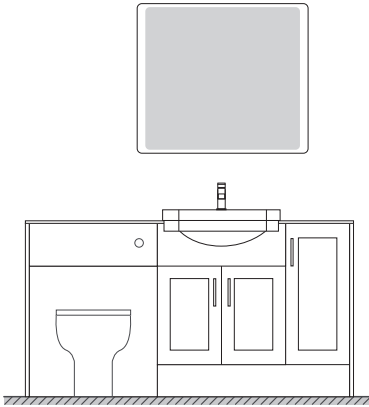

ROOM FURNITURE

600 WC, 600 Basin & 300 Base Units, all with Natural Oak Carcass

ROOM FEATURES

Crystal White Calypstone Worktop, Oak Veneered End Panel, Lorena Handle, Georgia WC, Georgia Basin, Lagos 800 LED Mirror, LED Flyover Lights

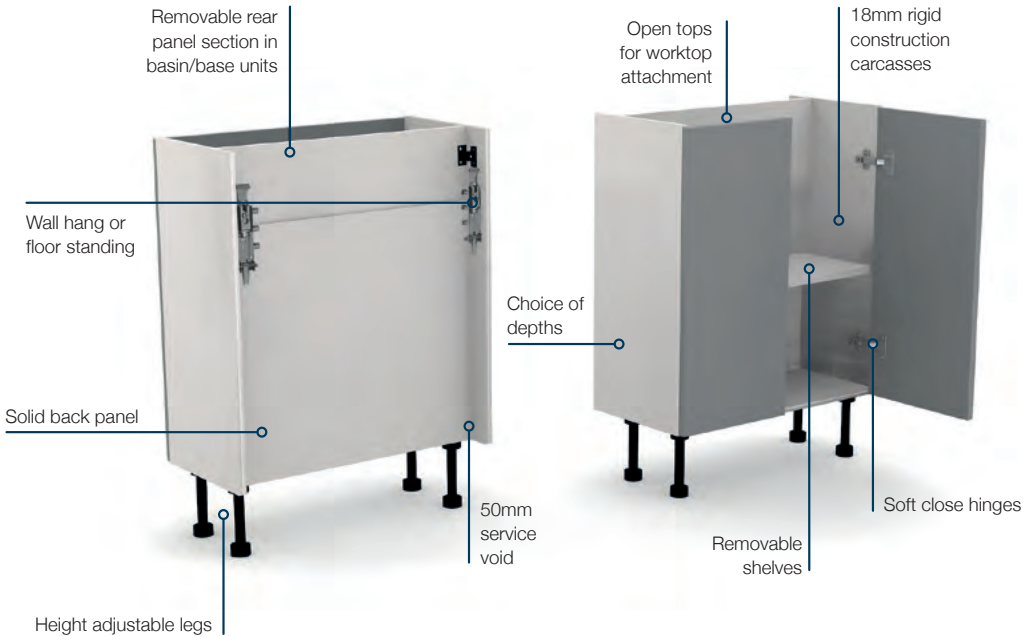

All doors are constructed with solid 70x20mm frames and oak veneer centre panels. Except the 150mm and 200mm doors which have 50x20mm solid oak vertical styles. Plinths, end panels & worktops are real oak veneer on furniture grade MDF core. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

**Please note:** Solid Oak & Oak Veneer are natural living products which contain variations in shade and grain structure which are inherent to timber and are beyond our control. Once installed, Oak products will continue to age and change shade over time according to the amount of light and moisture they are exposed to.

All doors are constructed with solid 70x20mm frames and oak veneer centre panels. Except the 150mm and 200mm doors which have 50x20mm solid oak vertical styles. Plinths, end panels & worktops are real oak veneer on furniture grade MDF core. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

**Please note:** Solid Oak & Oak Veneer are natural living products which contain variations in shade and grain structure which are inherent to timber and are beyond our control. Once installed, Oak products will continue to age and change shade over time according to the amount of light and moisture they are exposed to.

### OPEN UNIT

Includes wall fixing kit. One removable shelf. For use with 3017 Toilet Roll Holder see page 331.

Supplied in standard default carcass finish unless specified otherwise. Also available in Gloss White (H) & Contour White Aspen (CWA).

| SIZE (W x D x H) | CODE     | INC VAT | Carcass |
|------------------|----------|---------|---------|
| 200 x 285 x 811  | 1433CHSO | £230.00 | 1004    |
| 200 x 200 x 811  | 1233CHSO | £230.00 | 1004s   |

All doors are constructed with solid 70x20mm frames and oak veneer centre panels. Except the 150mm and 200mm doors which have 50x20mm solid oak vertical styles. Plinths, end panels & worktops are real oak veneer on furniture grade MDF core. All 18mm ready assembled MFC carcasses with PVC edging. All carcasses & fascias pre-drilled & marked for fittings. Fully adjustable all-steel soft-close hinges to doors. Soft-close drawer runners with 4-way fascia adjustment. Choice of two carcass & plinth heights (661/561mm & 150/250mm). Choice of three finished base unit depths (218mm, 303mm & 443mm). Not suitable for installation in wet-rooms and should only be installed within a well ventilated bathroom environment.

**Please note:** Solid Oak & Oak Veneer are natural living products which contain variations in shade and grain structure which are inherent to timber and are beyond our control. Once installed, Oak products will continue to age and change shade over time according to the amount of light and moisture they are exposed to.

# VANITY

*furniture*

Our exclusive vanity units offer that little bit extra to bring a luxurious feel to any bathroom. Available in many shapes and sizes, the range is offered with numerous basin options to help suit all individual tastes. The units themselves act as a focal point, inviting the opportunity to accessorise any bathroom around finishes, shapes and styles of the chosen design.

Every Calypso vanity unit is pre-assembled, resulting in a fast and easy installation. Additionally, vanity units give the illusion of space and offer the opportunity to dress your bathroom around the choice of finishes.

Here at Calypso, we offer 9 ranges of vanity units, all available in numerous finishes, to help you choose the perfect feature for any bathroom.

Basins with no tap hole **(NTH)** are to be used with wall mounted taps or can be drilled to suit tap position of your choice. Basins with a single tap hole **(1TH)** would be used with a standard monobloc type basin mixer. Both models can also be drilled with standard woodworking hole cutters to accommodate 2 or 3 Hole tap designs.

All Vanity units are pre-constructed with 18mm carcasses, soft close drawer runners supplied as standard. Vanity furniture should only be installed within a well-ventilated bathroom environment as wood-based furniture is not suitable for installation in wet rooms. 5-year guarantee (T&Cs apply).

## GLASS BASIN

Glass basins are perfectly formed and benefit from being naturally anti-bacterial. They are a durable alternative to standard basins and are comparable in strength. With no overflow on these basins, they have a minimal and sleek look.

There are two points which could cause fracture or breakage to glass basins. Firstly, if there is a thermal shock from a sudden temperature change of more than 20°C, ambient room temperature should be maintained around 16 - 23°C. Secondly, you must avoid pouring hot water over 48°C into a glass basin. The waste assembly must be hand-tightened only.

## CAST BASIN

The core ingredient of our Cast Marble basin is Dolomite Marble which is created through volcanic action. The rock is milled and purified before being mixed with polymer resin to form the basin shape, then coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

This method means it is extremely durable and easy to maintain, coupled with the benefit of a long-lasting smooth finish that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option.

WORKTOPS

VINYL

**22mm Vinyl**  
A vinyl membrane is pressed and formed around an MDF core to create a worktop with four sealed and seamless edges. The underside is also sealed with a melamine foil. Matching edging strip is available separately if the worktop needs to be cut to length and the cut end exposed.

VENEERED

**22mm Oak Veneered**  
A real oak veneered is laid on an MDF core and sealed on the underside and edges to form these worktops. The front edge is lipped with a 3mm solid oak strip to provide extra protection against knocks. A matching oak veneer edging strip is also available separately if the worktop needs to be cut to length and the cut end exposed.

LAMINATE

**22mm & 28mm Postformed**  
A high pressure laminate (HPL) is bonded to a solid particle board core to form these hardwearing worktops. Available in 22mm & 28mm postformed (rounded) front edge, and 22mm square front edge designs, all laminate worktops are sealed all on surfaces and edges and are supplied with a length of matching edge strip for when the worktop needs to be cut to length and the cut end exposed.

CALYPSTONE

**12mm, 18mm & 20mm Calypstone**  
Calypstone & Calypstone Aura worktops are made from a mixed compound of natural minerals and acrylic resins. This material is the same all the way through, is completely non-porous and the smooth surface is resistant to most domestic chemicals. It can be cut & shaped using standard woodworking tools, and the cut edge sanded and polished to a perfect finish by hand.

WHAT IS A RIMLESS PAN?

Traditional toilets distribute the flush-water through a series of holes around the underside of the rim of the pan. However, the 'Rimless' pan does away with this under-rim, meaning the water can flow faster and with no hindrance to creating an enhanced flush.

The rimless toilet looks no different on the outside. The main difference is that the pan boasts a smooth bowl with reduced areas for bacteria or lime-scale to build up and settle, which makes a significant difference for cleaning and improved hygiene compared to traditional pans.

RIMLESS

Ultimate WC Technology

HIGHEST STANDARDS OF HYGIENE

No hidden spaces for germs to harbour. Allows for easy cleaning.

PERFECT CLEANING

Unique flush system means the water flows both vertical and around the rim covering the entire surface.

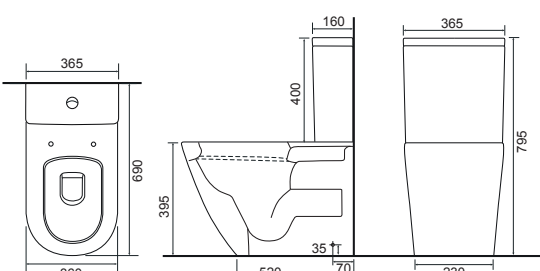

QUIETER & FASTER

Rimless technology allows for a more silent and faster flush than standard WC pans.

- Suitable for 500, 600 and 700 WC standard and slimline Carcasses.

SEMI RECESSED BASINS

CE • Ceramic CM • Cast Marble

CE • CERAMIC BASINS

Ceramic Basins are made out of liquefied fireclay which is poured into a mould and allowed to set before being hand finished. A ground glass glaze would typically be sprayed over the basin before the final firing.

This long-lasting, durable material suits a simple and minimalistic bathroom suite as well as a traditional Victorian look. Stains are easily removed and ceramic is generally easy to clean to maintain a shiny appearance. The slight ripples occasionally seen along its surface are often mistaken for flaws these are actually part of the ceramic basins characteristics.

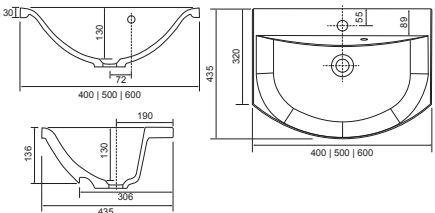

CM • CAST MARBLE

The core ingredient of our Cast Marble basins is Dolomite Marble which is formed through volcanic action. The rock is milled and purified before being mixed with polymer resin formed into the required shape and then coated with a resin and quartz mixed gel coat to save its pigment and smooth finish.

The result is an extremely durable and easy to maintain product coupled with the benefit of constant sizing and smooth finishing that cannot be matched by traditional ceramics. Scratches are also repairable making this a more forgiving option. Cast basins have a sharp and ultra modern structured appeal to them.

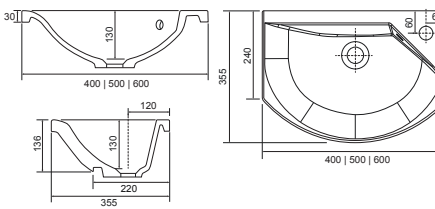

ART

|     |         |         |
|-----|---------|---------|

ART & FONTANA WING BASINS

The Fontana & Art one-piece wing basins combine and integrate a worktop with a basin to give a smooth, uninterrupted and ergonomic surface over fitted bathroom furniture.

SEE PAGE

331  
FONTANA  
FINISHING KIT

All Art and Fontana basins are made of 'cast marble' which is a composite material comprised of granules of natural minerals mixed with resin compounds, and covered with a bright, glossy polyester acrylate gelcoat which gives a naturally antibacterial surface.

VERSATILE

The basins can be cut to length using standard woodworking tools if required and additionally, an exposed cut end on the Fontana basins can be refinished with the Fontana Finishing Kit. A cut Art basin must always abut a wall.

FAST INSTALLATION

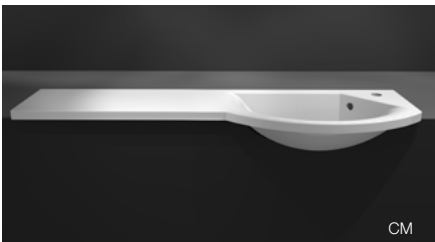

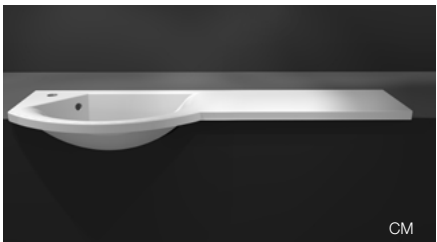

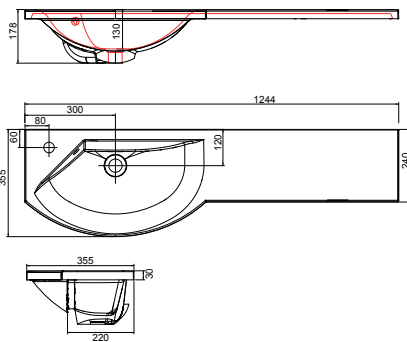

With no requirement for worktop basin cut-out and resealing worries, installation of the one-piece top is simpler & quicker than traditional methods.

INTEGRATED

The fully integrated overflow does away with plastic kits and leaves only the tap and waste to connect by hand.

ART WING BASINS

1244mm SLIMLINE

ART 1244mm LH SLIMLINE

37.3201

£525.00

Single tap hole with integrated overflow. This basin section will only suit a 600 slimline carcass size. 1244w x 355d x 150h mm

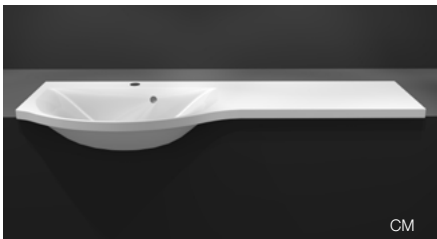

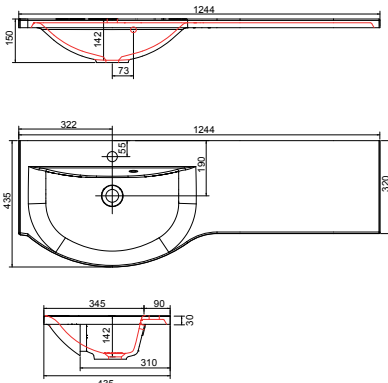

ART 1244mm RH SLIMLINE

37.3202

£525.00

Single tap hole with integrated overflow. This basin section will only suit a 600 slimline carcass size. 1244w x 355d x 150h mm

1244mm

ART 1244mm LH

37.3191

£525.00

Single tap hole with integrated overflow. This basin section will only suit a 600 standard carcass size. 1244w x 435d x 30h mm

ART 1244mm RH

37.3192

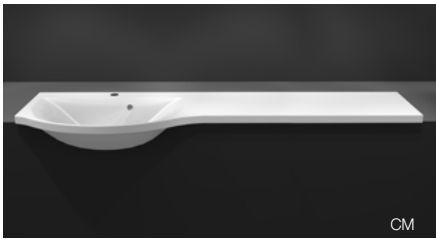

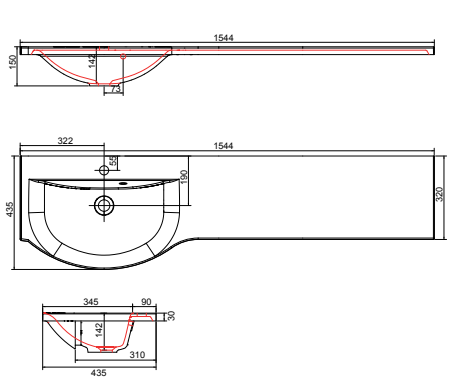

£525.00

Single tap hole with integrated overflow. This basin section will only suit a 600 standard carcass size. 1244w x 435d x 30h mm

ART WING & COMBI BASINS

1544mm

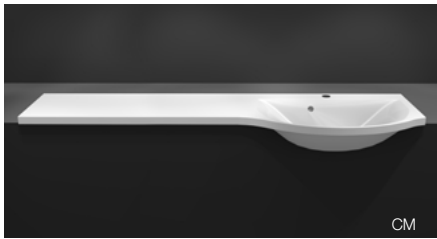

LEFT HAND

37.3195

£555.00

Single tap hole with integrated overflow. This basin section will only suit a 600 standard carcass size.  
1244w x 435d x 30h mm

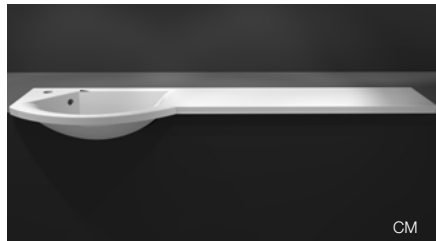

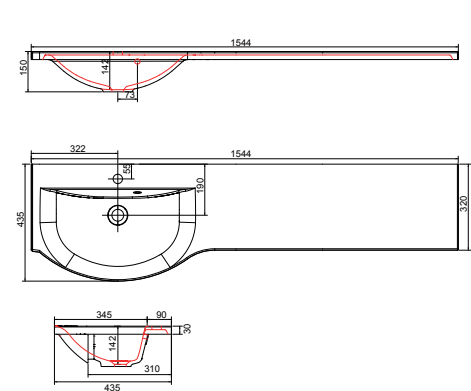

RIGHT HAND

37.3196

£555.00

Single tap hole with integrated overflow. This basin section will only suit a 600 standard carcass size.  
1244w x 435d x 30h mm

1544mm SLIMLINE

LEFT HAND SLIMLINE

37.3203

£555.00

Single tap hole with integrated overflow. This basin section will only suit a 600 slimline carcass size.  
1244w x 355d x 150h mm

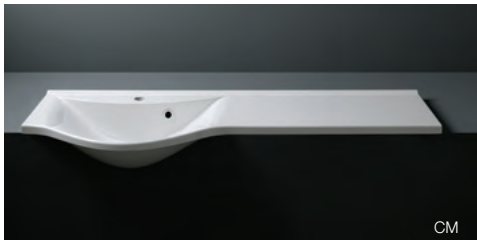

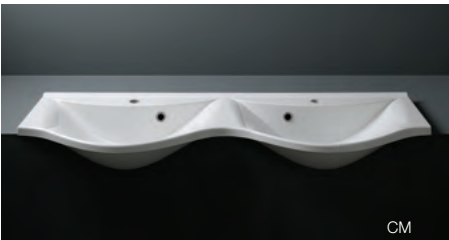

RIGHT HAND SLIMLINE

37.3204

£555.00

Single tap hole with integrated overflow. This basin section will only suit a 600 slimline carcass size.  
1244w x 355d x 150h mm

1240mm COMBI BASIN

DOUBLE BOWL

37.3072

£450.00

Single tap holes with overflows. Suitable for use with two 600mm standard depth units with an end panel at each end. 1240w x 448d x 25h mm

LEFT HAND BOWL

37.3071

£450.00

Single tap hole with overflow. Suitable for use with two 600mm standard depth units with an end panel at each end. 1240w x 448d x 25h mm

RIGHT HAND BOWL

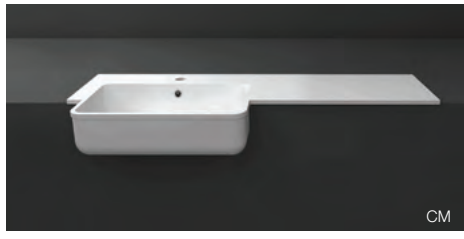

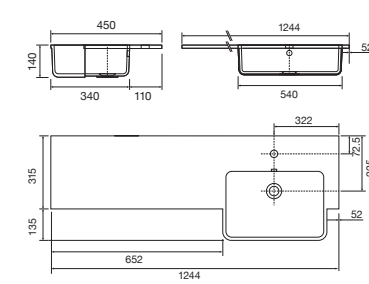

37.3070

£450.00

Single tap hole with overflow. Suitable for use with two 600mm standard depth units with an end panel at each end. 1240w x 448d x 25h mm

FONTANA WING BASINS

1244mm

ONE TAP HOLE - LEFT HAND

37.3531

£550.00

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1200mm run of furniture.  
1244w x 450d x 140h mm

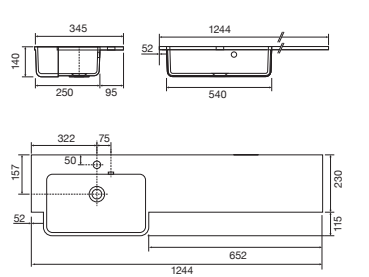

ONE TAP HOLE - RIGHT HAND

37.3532

£550.00

1244mm SLIMLINE

ONE TAP HOLE - LEFT HAND

37.3541

£550.00

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1200mm run of furniture.  
Not compatible with Bowland slimline units.  
1244w x 345d x 140h mm

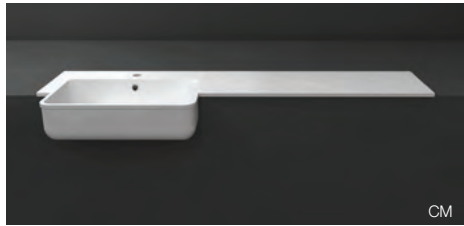

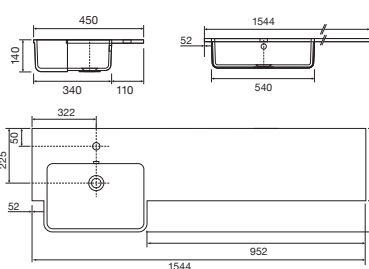

ONE TAP HOLE - RIGHT HAND

37.3542

£550.00

1544mm

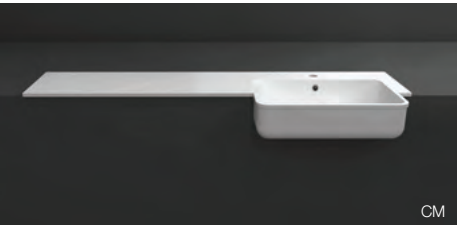

ONE TAP HOLE - LEFT HAND

37.3533

£730.00

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1500mm run of furniture.  
1544w x 450d x 140h mm

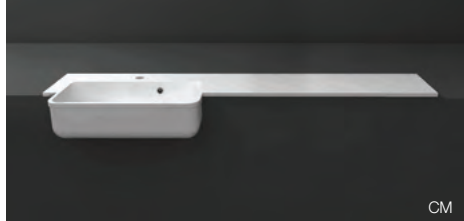

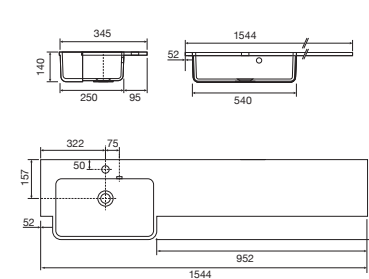

ONE TAP HOLE - RIGHT HAND

37.3534

£730.00

1544mm SLIMLINE

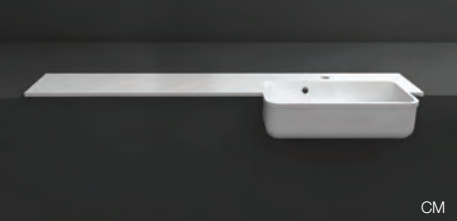

ONE TAP HOLE - LEFT HAND

37.3543

£730.00

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1500mm run of furniture.  
Not compatible with Bowland slimline units.  
1544w x 345d x 140h mm

ONE TAP HOLE - RIGHT HAND

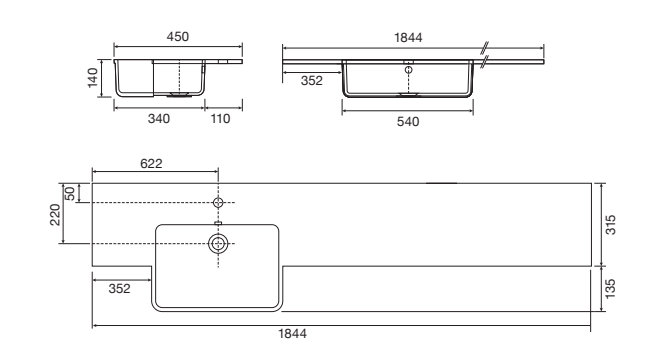

37.3544

£730.00

FONTANA WING BASINS

1844mm LH BASIN

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1800mm run of furniture. 1844w x 450d x 140h mm

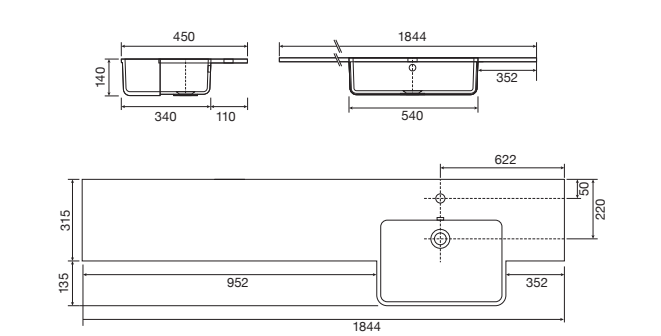

ONE TAP HOLE - LEFT

37.3535

£825.00

1844mm RH BASIN

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1800mm run of furniture. 1844w x 450d x 140h mm

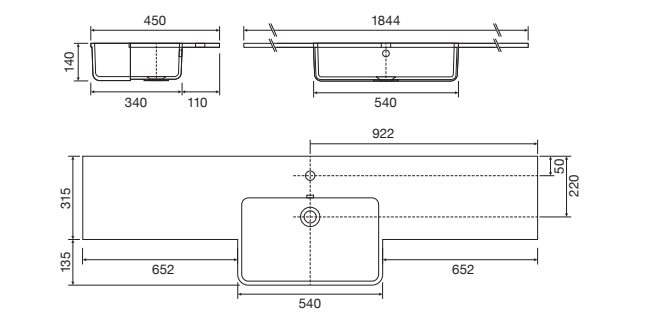

ONE TAP HOLE - RIGHT

37.3536

£825.00

1844mm CENTRAL BASIN

Single tap hole and No Tap Hole with integrated overflow. Suitable for use with a 1800mm run of furniture. 1844w x 450d x 140h mm

ONE TAP HOLE - CENTRAL

37.3537

£825.00

644mm

644w x 315d x 18mm  
Complements the Fontana basin. **Note:** Due to construction restraints and differences, Fontana worktops cannot be butt-jointed to Fontana basins.

644mm

3511

£215.00

1244mm

1244w x 315d x 18mm  
Complements the Fontana basin. Can be cut down to 944mm and 644mm lengths. **Note:** Due to construction restraints and differences, Fontana worktops cannot be butt-jointed to Fontana basins.

1244mm

3513

£350.00

FONTANA FINISHING KIT

Fontana Exposed Cut-End Finishing.  
Cut must be finished with a router. Two part kit. Both aerosols are required to complete finished end.

400ml Colour

7051

£59.00

Fontana cut-end filler, base coat and colouring agent.

400ml Lacquer

7052

£59.00

Fontana cut-end top coat finishing lacquer.

| Fontana cut-end top coat finishing lacquer. |        |

ZONED LIGHTING

Water and electricity are a dangerous combination so when choosing bathroom lights it is essential that you familiarise yourself with two terms; Bathroom Zones and IP Ratings. When purchasing bathroom lights you need to ensure that the fitting you choose has the relevant IP rating for the Zone in which it is to be placed. So what are IP Ratings and Bathroom Zones?

| IP Rating 1st Digit |                |                                                                                              | IP Rating 2nd Digit |                                      |                                                                                                                                    |
|---------------------|----------------|----------------------------------------------------------------------------------------------|---------------------|--------------------------------------|------------------------------------------------------------------------------------------------------------------------------------|
|                     | Object Size    | Protected against                                                                            |                     | Protected against                    | Tested for                                                                                                                         |
| 0                   | -              | No protection.                                                                               | 0                   | -                                    | No protection                                                                                                                      |
| 1                   | >50 mm         | Protection against any large surface area of the body but not deliberate tampering or force. | 1                   | Dripping water                       | Dripping water – no damaging effect when tested against vertical falling water drops.                                              |
| 2                   | >12.5 mm       | Fingers or similar sized tools and objects.                                                  | 2                   | Dripping water when tilted up to 15° | Vertically dripping water has no damaging effect when the light enclosure is tilted at an angle up to 15° from its usual position. |
| 3                   | >2.5 mm        | Thick wires, tools and similar-sized foreign bodies.                                         | 3                   | Spraying water                       | Water falling as a spray at any angle up to 60° has no damaging effect.                                                            |
| 4                   | >1 mm          | Most wires, screws, etc.                                                                     | 4                   | Splashing water                      | Water splashing against light enclosure from any direction has no damaging effect.                                                 |
| 5                   | Dust protected | Protected against dust, allowing limited ingress. (no harmful deposit)                       | 5                   | Water jets                           | Water projected by a nozzle (6.3mm) against light enclosure from any direction shall have no damaging effect.                      |
| 6                   | Dust tight     | Dust tight. No ingress of dust.                                                              | 6                   | Powerful water jets                  | Water projected in powerful jets (12.5mm nozzle) against the light enclosure from any direction has no damaging effect.            |
|                     |                |                                                                                              | 7                   | Immersion up to 1m                   | Water won't infiltrate even when light enclosure is immersed in water up to 1m in depth. Duration of upto 30 minuets.              |
|                     |                |                                                                                              | 8                   | Immersion beyond 1m                  | The equipment is suitable for continuous immersion in water under. Conditions specified by the manufacturer.                       |

**IP 67**  
IP67. The item is protected from dust and capable of withstanding water immersion upto 1 meter for 30 minutes.

**ZONE 0** Covers the areas inside the bath or shower tray. If you decide to illuminate this area the fittings must be low voltage and must have a minimum rating of IP67 making them immersion proof.

**ZONE 2** Covers the area 0.6M outside the bath's perimeter and to a height of 2.25M from the floor. As with Zone 1, a minimum IP44 rating is required for this area.

**ZONE 1** Incorporates the area directly above the bath or shower tray to a height of 2.25m from the floor. A light with a minimum IP44 rating is required for this area. If the light uses a 240V supply, a 30ma RCD (residual current device) must be used to protect the circuit in this zone.

**ZONE 3** Outside zones cover areas which fall outside of zones 0,1 and 2 and are well away from any contact with water. No IP ratings are required for light fittings in this area.

Installation must be made in accordance with the current IEE wiring regulations and relevant building regulations. Calypso recommends that all electrical bathroom products should only be fitted by a suitably qualified Part P registered electrician.

CORNER LAYOUTS & BATH BULKHEADS

With limited storage space in modern bathrooms the use of corners is becoming ever more popular. Below illustrates some common corner layouts for you to consider when planning your bathroom furniture.

Layout 1: Suitable for doors only. (Using end panels in corner)

Layout 2: Variable. Suitable for drawers (Using end panels in corners).

Layout 3: Variable. Suitable for 2 door units only - using an end panel in the corner.

Layout 4: Variable. Using door panels for corner. Plinth runs through.

The bath bulkhead unit has a full floor to worktop panel (3008) matched to your chosen fascia, supplied with either a slimline or standard depth 600mm WC carcass. However, the panel will work with any width WC Carcass, and can also be used as a fitters panel.

661mm BATH BULKHEAD UNIT

## IMPORTANT NOTES

Our website should be used as reference for the most up to date products and specifications.

**DIMENSIONAL TOLERANCE** - Due to the nature of materials and production processes, dimensions may vary within a tolerance of  $\pm 2\text{mm}$  on furniture,  $\pm 3\text{mm}$  on cast basins and  $\pm 5\text{mm}$  on ceramic.

## RETURNS POLICY

## TAKING CARE OF YOUR CALYPSO PRODUCTS

Once returned goods are received and inspected as per terms above, credit will either be approved or refused. If refused, a credit refusal number is assigned and a written reason given and sent by fax or email. Goods will then be held for 7 days before disposal. Any query regarding the refusal must be logged during this 7 day period.
